#### When will the 131 be sent and when will it not be sent?

#### Summary

The 131 will be sent:

•At various points in the NPA and Non NPA de-energisations, re-energisations, meter works and revenue protection processes

Only supplier requested works (the exception to this being revenue protection where 131 is sent for both supplier requested and networks requested works)

When work requested was not completed but call is FINId

When a call is cancelled by supplier request

When a call is set as rescheduled.

The 131 will not be sent:

•To acknowledge receipt of supplier works requests

When supplier works completes successfully (the exception to this being revenue protection where the 131 will always be sent for FINId status)
