# Industry Governance Group (IGG) Presentation

ESB Networks Retail Market Services  
5th Mar 2025

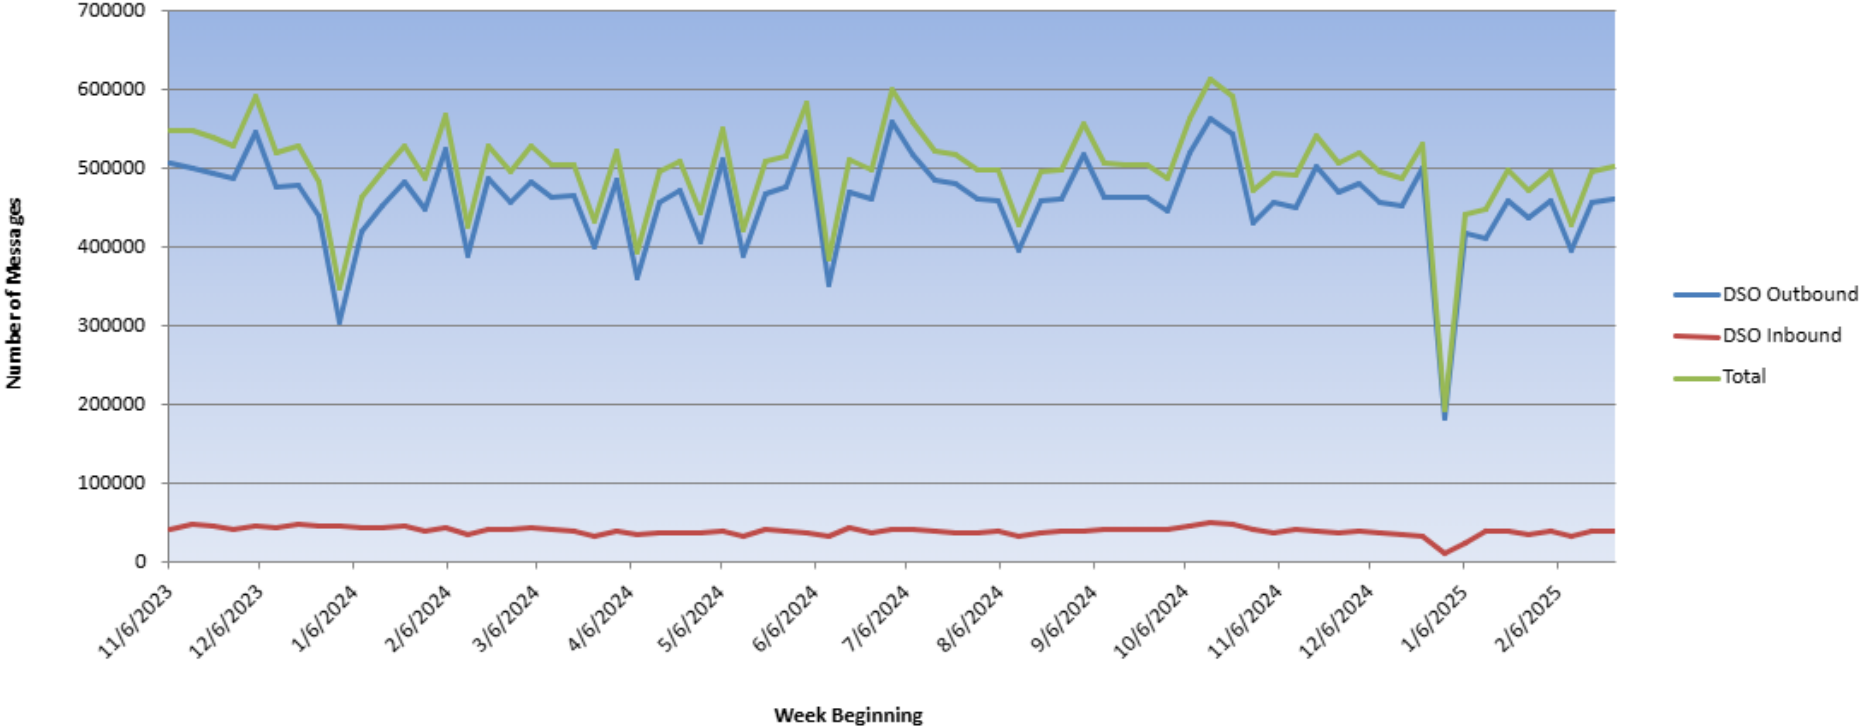

# Agenda

---

1. TIBCO Market Activity
2. TIBCO Outages
3. TIBCO EMMA Upgrade Project Details
4. Storm Éowyn

### Market Message Volumes

# TIBCO Outages (Planned and Unplanned February 2025)

## Planned Outages

Supplier	Count	Supplier	Count
Supplier1	0	Supplier14	2
Supplier2	0	Supplier15	0
Supplier3	0	Supplier16	0
Supplier4	0	Supplier17	0
Supplier5	0	Supplier18	0
Supplier6	0	Supplier19	0
Supplier7	0	Supplier20	1
Supplier8	0	Supplier21	0
Supplier9	0	Supplier22	0
Supplier10	1	Supplier23	2
Supplier11	0	Supplier24	0
Supplier12	0	HUB	1
Supplier13	0		

Total Planned Outages = 7

## Unplanned Outages

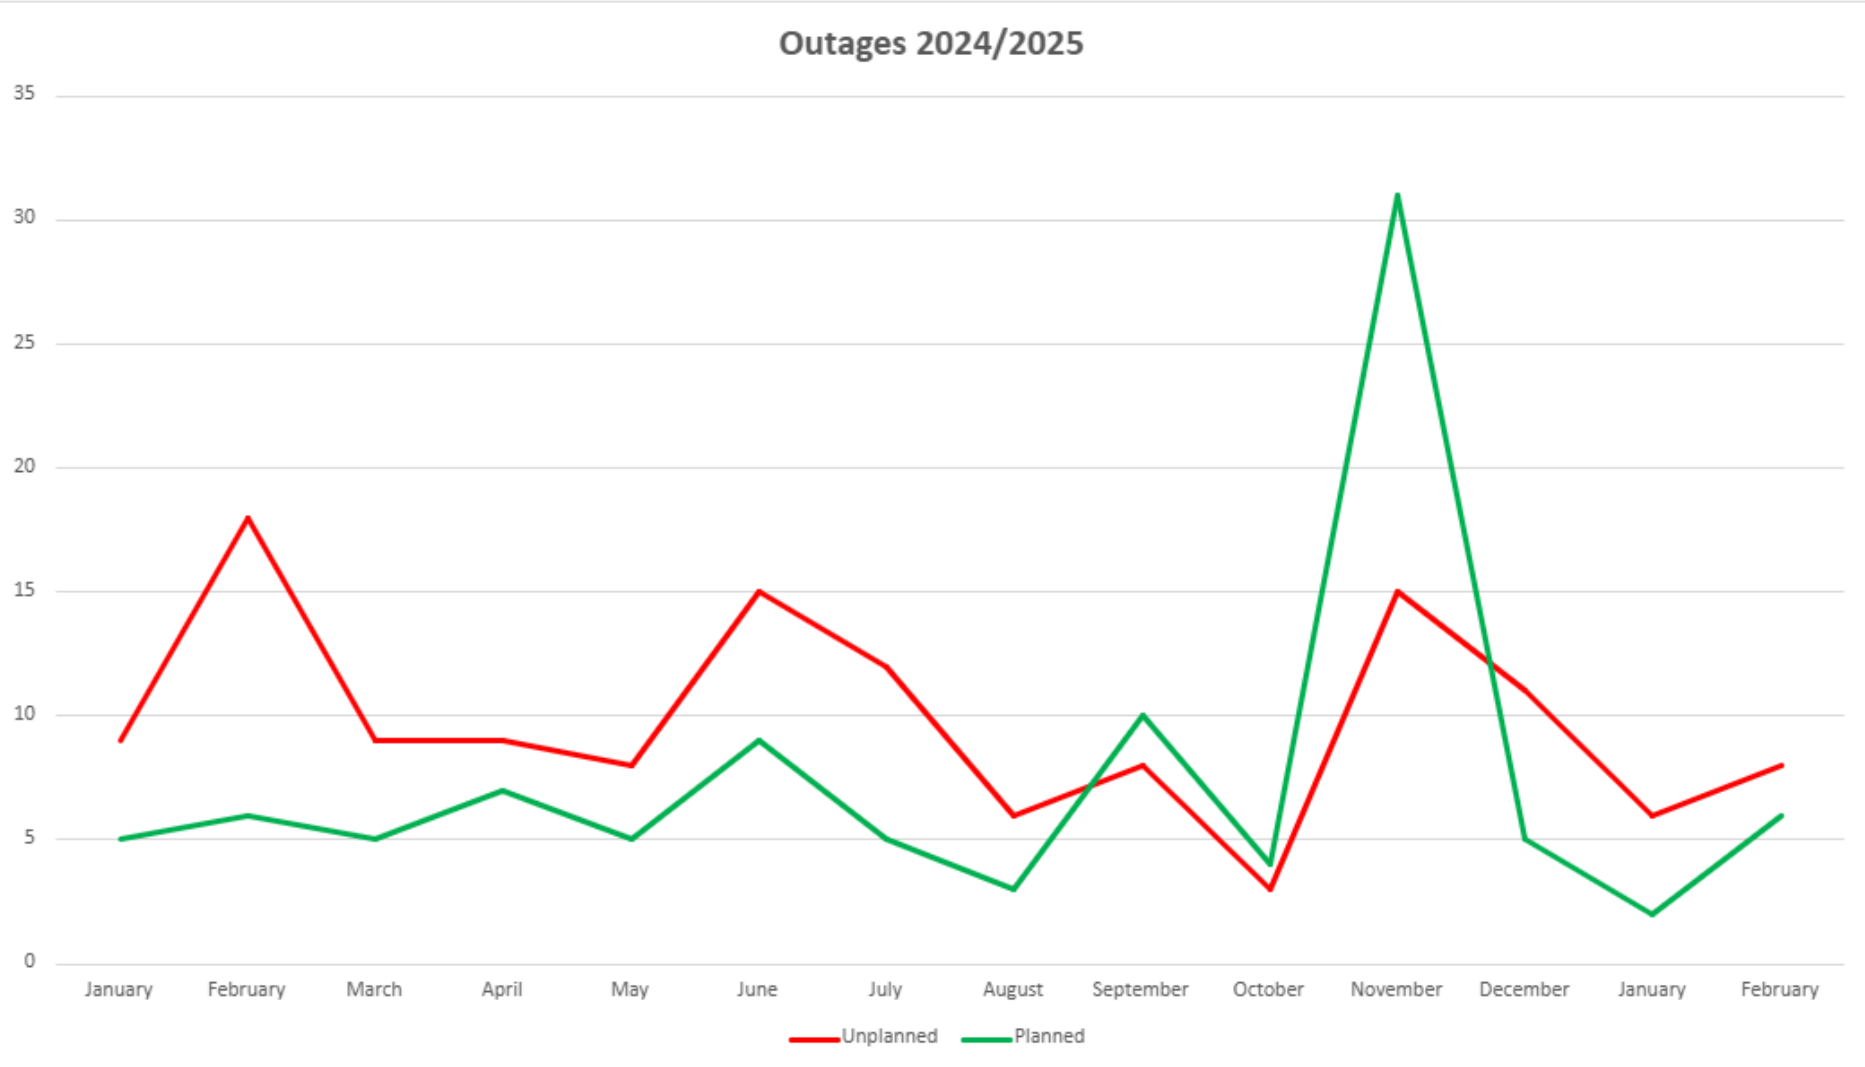

Supplier	Count	Supplier	Count
Supplier1	0	Supplier14	0
Supplier2	0	Supplier15	0
Supplier3	1	Supplier16	0
Supplier4	0	Supplier17	0
Supplier5	0	Supplier18	0
Supplier6	1	Supplier19	0
Supplier7	0	Supplier20	1
Supplier8	3	Supplier21	1
Supplier9	0	Supplier22	0
Supplier10	0	Supplier23	0
Supplier11	0	Supplier24	0
Supplier12	1	HUB	0
Supplier13	0		

Total Unplanned Outages = 8

# TIBCO Outages

Outages 2024/2025

# 2025 TIBCO EMMA Upgrade Project Details

## What is the scope of the project?

- The TIBCO component of EMS on all Market Participant's EMMA's needs to be updated from **V8.6** to **V10.3** to ensure we remain in support.
- As a result of this mandatory upgrade, the TIBCO suite of products have been scanned for their upgrade horizons. This has resulted in other components being designated for upgrade. The full list of components being upgraded are:

Software	Current Version	New Version
EMS	8.6.0	10.3.0
Business Works (BW)	5.15.0	5.15.1
Business Connect (BC)	7.3.0	7.4.0
Administrator	5.12.0	5.12.4
TRA	5.12.1	5.12.4
BC Palette	6.3.0	6.5.0
Hawk	6.2.1	6.2.3

- A cleanup of unused EMMA services will also take place to ensure MP's EMMA's are operating as efficiently as possible.

## Tasks required to be complete by all Market Participants prior to rollout:

- Reminder to provide RMDS with (i) a Business Rep. contact, and (ii) a Technical Rep. contact to liaise with The Hub Support Team during these upgrade works.
- Upgrade files are to be downloaded (by MP's Tech. Contacts) from the ESN SFTP site to the EMMA servers, and;
- Access for the HUB Support Team to the EMMA servers is to be provided.

# 2025 TIBCO EMMA Upgrade Project Details

---

- The Market Plan will be issued to all provided Business and Technical Reps
- Key Dates for upgrading MP's TEST EMMAs:
  - 2-week window to upgrade: **22<sup>nd</sup> April to 2<sup>nd</sup> May**
- Key Dates for upgrading MP's PRODUCTION EMMAs:
  - 2-week window to upgrade: **12<sup>th</sup> May to 23<sup>rd</sup> May**

- Estimated non-zero HH import interval values related to power outages as a result of storm Éowyn have been replaced with zero HH import interval values for all identified MPRNs.
- All impacted suppliers have been provided with their respective lists of MPRNs.
- As flagged at previous IGGs, ESB Networks has investigated more efficient ways of correcting estimated data.
- The recommendation from this investigation is to implement MDR1238 (if approved as an MCR)

Thank You
