

Registering for access to the Private RMDS Website

Part 1/2 - Registering for a WordPress Account.

The First part of the process requires Market Participants are kindly requested to supply RMDS with an email address to allow MPs access the Private Website.

976	RMDS Private website - RMDS to circulate an e-mail to Suppliers requesting an designated email address for access to the new RMDS private website for sensitive documents.	RMDS	10/07/2015
------------	--	------	------------

As per IGG action item 976 above, Market Participants are kindly requested to supply RMDS with an email address to allow MPs access documents that are sensitive and not for general / public display. With this new email address MPs will be invited to set up access to view these documents. (This will be similar to the way MPs accessed files for the SMART Metering Project).

MPs are asked to provide the email address in the following format:-

yourcompanynameConfidential@YourDomain.???

E.g. yourcompanynameConfidential@yourcompanyname.ie

MPs will be then responsible for who they provide this access information to within their organisation.

Ideally, MPs will respond to this email from the new email address they have set up.

Part 1/2 - Registering for a WordPress Account

Below are the steps to be followed in order to create an account in WordPress which is a requirement to be able to download and view sensitive / confidential information stored on the Private RMDS Website (PRMDSW).

1. The first action is to click on the link below (or copy and paste it into your browser) and create your WordPress account.

<https://wordpress.com/start/domains>

2. Create a Domain:

The screenshot shows the 'Let's find a domain' step in the WordPress registration process. It is labeled 'Step 4 of 6'. The main heading is 'Let's find a domain.' Below this, it says 'Choose a custom domain, or a free .wordpress.com address.' There is a large search input field with a magnifying glass icon. Below the search field, there is a text box that says 'A domain name is what people type into their browser to visit your site.' Below this text is a link that says 'Already own a domain?'. To the right of the text is a browser address bar showing 'http://example.com'. At the bottom of the screen, there is a '← BACK' button.

E.g. RMDS
