

Retail Market Design Service – Update

5th March 2025

Outages

Outage on 23rd March 2025 to facilitate Essential Security Patching on TIBCO Hub System and SAP IS-U\SAP PO\SAP NGP - Time: 08:00hrs to 14:00hrs.

Weather Event Outage Notifications

RMDS will facilitate an additional distribution list for the Weather Event Outage Notifications. It will be possible to sign up to this list via the IGG Distribution List form on www.rmdservice.com in the coming week.

This list will be used as an add on so that any subscriber to this list will receive only weather event related outages. All other outage notifications will continue to be issued following the usual process.

The IGG Distribution list will continue to receive these weather event specific outages.

DR1238 – Updated HH Intervals Estimation & Substitution Rules

DR1238	Details		
Date Raised	27/02/2025	Date last Approved	
Requesting Organisation	ESB Networks	Schema Impacting	N
Latest Version	1.0		
Change Summary	<p>The change proposed here centres around updating the <i>HH Validation Estimation and Substitution Summary Briefing Document</i> to describe the method in which ESB Networks will update non actual HH kW import values in the event that actual interval values are unlikely to be available to the CMS.</p>		
Classification	<ul style="list-style-type: none"> At Today’s Meeting; For Approval as a DR
