# Version 14 Assurance Approach

- **Assurance Approach**
  - v14 - Assurance Approach has been issued for consideration and approval by IGG
- **Assurance Approach alignment with previously approved version**
  - The new approach fundamentally remains the same as previously approved;
  - Single PQ now required as 3 MCRs have been moved to the v13.6 approach;
  - Formal testing approach remains consistent with ESB Networks and SPAYG Suppliers
  - Assurance timeline has been adjusted with the same time periods to accommodate the revised cut over date. Other than the PQ period that has been extended from 2 weeks to 3 weeks for Suppliers to complete
- **Smart PAYG Assurance coverage**
  - IPT for Smart PAYG now includes an additional step, integration between SAP IS-U and the AMI
- **V14 Impact Assessment**
  - Version 1 have conducted an impact assessment for the MCRs contained within the v14.0 Market Release
  - In the aim of transparency to our approach and assessment we want to share our views on the impact to the Market
