Supplier 3	0	Supplier 16	0
Supplier 4	0	Supplier 17	0
Supplier 5	0	Supplier 18	0
Supplier 6	0	Supplier 19	0
Supplier 7	0	Supplier 20	0
Supplier 8	0	Supplier 21	0
Supplier 9	0	Supplier 22	0
Supplier 10	0	Supplier 23	0
Supplier 11	0	Supplier 24	0
Supplier 12	0	HUB	0
Supplier 13	0		

# HUB Relocation Project

- All MPs have completed the task of implementing the required firewall rules to connect to the new ROI Test HUB and all required connectivity checks have been performed by the Hub Relocation Project Team.
- Where connectivity issues arose, the relevant MPs have been contacted to arrange the required fixes. Your ongoing support with this would be appreciated.
- All MPs are also reminded that the firewalls to be implemented for the ROI Production Hub can be complete now. The deadline to have these firewall rules in place is the **27<sup>th</sup> January 2023**. Connectivity checks from MP's Production EMMAs to the ROI Production Hub will begin **30<sup>th</sup> January 2023**.
- IPT is due to begin on the 9<sup>th</sup> January for all MPs that are included in this test phase.
- The Cutover and Hypercare plans are due to issue to all MPs the first week of February.

# Negative PSO

- ESNB would like to thank suppliers for submitting their bank details. ESNB will shortly commence verifying bank details where required. ESNB is still waiting on bank details for a handful of suppliers and we request that this information is provided to ESNB asap.
- ESNB will bring a Market Discussion Request to the IGG in relation to changes to the PSO process in due course.

Thank You
