Reason for Working Practice
<p>In CoS process if no reading becomes available or can be estimated under the agreed rules then MRSO manually inform the New Supplier of the situation.</p> <p>The following working practice is proposed.</p>

Working Practice
<p>If no reading becomes available, and on the registration request the Supplier has indicated that an estimate is not allowable, this will trigger a work item to a MRSO user to inform the new Supplier and give the Supplier the option to change his CoS read arrangement.</p> <p>The Supplier may :</p> <ol style="list-style-type: none"> (1) provide a customer read (210 message) (2) provide an access arrangement whereby DSO can collect a special read (3) If allowable choose to accept an estimate.
