# Market Release v14.00.00 Cutover Roadmap

May 2024

Overview

- This pack describes the cutover roadmap for Market Release v14.00.00

- This release is due to go live in November 2024 under phase 2 of NSMP

- Several agreed Schema and Non-Schema changes will be delivered in this release (see *Appendix A*)

- Timely and effective collaboration is required between ESBN, Market Participants, Version1 and RMDS to ensure success of IPT and cutover timelines

- Market Participants are expected to be ready to make any necessary changes on their own systems
